

A Safe and Supportive Program

Communities In Schools of Central Texas believes that each student deserves every opportunity to succeed in school. We are a private nonprofit agency located on your child's campus to help students learn, stay in school, and prepare for a successful life.

Communities In Schools works in cooperation with the school, which often refers students to us. We serve students who would benefit from extra attention. Our mission is to empower students to achieve, both in school and in the future.

What We Do

Every child is unique and Communities In Schools offers a variety of programs to help each individual student. Our services include:

- Fun learning activities including field trips and community projects
- Individual and group support
- Basic needs assistance for students and families
- Activities for parents
- Connecting students to tutors and mentors for extra academic and emotional support
- Career exploration, and job preparation and referrals
- College and scholarship application assistance for high school students

What Our Students Achieve

Improved Grades, Attendance, and Behavior:

Students served by Communities in Schools show improvement in grades, attendance, or behavior.

Stay in School: 99% of students who participate in Communities in Schools stay in school.

Make Better Choices:

Students involved with Communities In Schools report that they feel better about school, are happier with themselves, and have learned skills that help them resolve problems--both in school and in life.

Families, teachers, school staff, and students themselves may request Communities In Schools services. Services are free, voluntary, and confidential.
