Position Description

Full-Time AmeriCorps Squad Leader

Service Year 2022-2023

Communities In Schools of Central Texas (CISCT) surrounds students with a community of support, empowering them to stay in school and achieve in life. A national, 40+ year dropout prevention program, Communities In Schools uses an integrated student support model to provide services to students and support success. This 3-tiered approach aims to meet students where they are and provide multiple levels of engagement through school wide services (Tier 1), group targeted programs (Tier 2), and individualized support (Tier 3).

The CISCT AmeriCorps program places AmeriCorps Mentors on elementary and middle school campuses across Central Texas to meet students where they are at and provide wraparound support for students and their families to thrive. When students have the support of a caring adult relationship, they have the power to unlock their potential. AmeriCorps Mentors build deep relationships with their students and families, working with them to remove barriers to success in school and life. CISCT AmeriCorps members work with students one-on-one and in small groups as an integrated support to campus community, in service of equitable access to education opportunities.

CISCT AmeriCorps Squad Leaders are second-year AmeriCorps members who are interested in continuing to build leadership and mentoring skills through a second year of service. Squad Leaders bring lived experience in service to their position and will act as mentors and supports for new AmeriCorps members in the program. The Squad Leader role provides an opportunity for returning members who are interested in building their leadership and adult group facilitation skills while continuing to support students on campus through mentoring and academic support.
